

### **Locating a MD Longevity Practitioner in your area**

For all medical specialties, e.g. neurology , cardiology, internal medicine, functional medicine, etc. There is an official “Board” certification by the American Board of Medical Specialties (ABMS). There is not a “board” certification for longevity, age-reversal or age management.

For MD’s who special in longevity, they typically refer to themselves as “longevity practitioners”. Many MD’s who have a longevity practice are functional medicine doctors.

To locate one of these longevity practitioners in your area, here are three organizations that have a directory of MDs who are longevity practitioners:

- The Radical Life Extension Coalition (RLE Coalition)
